3	Approach with respect to sustainable development	4

Chapter 1

General Summary

1.1 Introduction

Introduction to dse project plan

1.2 Mission Need Statement

Mission need statement

1.3 Project Objective Statement

Mission need statement

1.4 Requirements

The requirements go here

1.5 System Description

The requirements go here

Chapter 2

Technical Design Development

2.1 Work Flow Diagram

The work flow diagrams

2.2 Work Breakdown Structure

The work breakdown

2.3 Project Approach Description

The project approach description goes here

2.4 Organizational Breakdown Structure

The org breakdown

2.5 Timeline

The timeline and Gantt

Chapter 3

Approach with respect to sustainable development
